

# PRODUCT DATASHEET

## HB P 200W 840 70DEG IP66 PS

HIGH BAY GEN 5 | High-bay luminaires up to 181 lm/W and attractive UGR

PERFOR-  
MANCE  
CLASS

### Areas of application

- Replacement for high bay luminaires with mercury vapor or metal halide lamps
- Warehouses, logistic halls
- Industry
- High ceiling (e.g. in shopping malls, airports, commercial buildings, lobbies)

### Product benefits

- Highly versatile due to selectable power steps (Multi Lumen) on the housing
- Improved UGR compared to previous generations, down to  $UGR \leq 19$  (<150W, 70°) in combination with reflector
- High luminous efficacy
- Energy savings of up to 70 % compared to conventional high bay luminaires
- Optimized weight and size due to compact design

### Product features

- Multi Lumen function: power steps selectable
- Different luminous flux and beam angle for mounting heights of ~ 6 m to 18 m in 4000 K or 6500 K
- 0-10 V dimmable
- Lifetime (L80/B10): up to 100,000 h (at 35 °C)

## TECHNICAL DATA

### Electrical data

|                                                             |                       |
|-------------------------------------------------------------|-----------------------|
| Nominal wattage                                             | 200 W / 173 W         |
| Nominal voltage                                             | 220...240 V           |
| Mains frequency                                             | 50...60 Hz            |
| Nominal current                                             | 880...770 mA          |
| Inrush current                                              | 16.7 A                |
| Inrush current time $T_{h50}$                               | 302 $\mu$ s           |
| Max. number of luminaires per miniature circuit breaker B16 | 9                     |
| Max. number of luminaires per miniature circuit breaker C10 | 8                     |
| Max. number of luminaires per miniature circuit breaker C16 | 12                    |
| Power factor $\lambda$                                      | > 0.95                |
| Total harmonic distortion                                   | < 15 %                |
| Protection class                                            | I                     |
| Operating mode                                              | Integrated LED driver |
| Dimming interface                                           | 0-10V                 |

### Photometrical data

|                                              |                           |
|----------------------------------------------|---------------------------|
| Luminous flux                                | 35000 lm / 30275 lm       |
| Luminous efficacy                            | 175 lm/W                  |
| Color temperature                            | 4000 K                    |
| Light color (designation)                    | Cool White                |
| Color rendering index Ra                     | $\geq 80$                 |
| Standard deviation of color matching         | $\leq 4$ sdc <sub>m</sub> |
| Low flicker                                  | Yes                       |
| Flickering metric (Pst LM)                   | <1                        |
| Stroboscope effect metric (SVM)              | <0,4                      |
| Photobiological safety group acc. to EN62778 | RG1                       |
| Beam angle                                   | 70 °                      |

Dimensions & Weight

|                |           |
|----------------|-----------|
| Diameter       | 321.00 mm |
| Height         | 162.00 mm |
| Product weight | 3300.00 g |
| Cable length   | 1500 mm   |

Materials & Colors

|                                            |                    |
|--------------------------------------------|--------------------|
| Product color                              | Black              |
| Housing color                              | Black              |
| Body material                              | Aluminum           |
| Cover material                             | Polycarbonate (PC) |
| Glow Wire Test according to IEC 60695-2-12 | 850 °C             |
| Mercury content                            | 0.0 mg             |

Application & Mounting

|                                        |                   |
|----------------------------------------|-------------------|
| Ambient temperature range              | -30...+50 °C      |
| Temperature range at storage           | -40...+80 °C      |
| Type of connection                     | Cable, 3-pole     |
| Type of protection                     | IP66              |
| Protection class IK (shock resistance) | IK10              |
| Dimmable                               | Yes               |
| Mounting type                          | Surface/Suspended |
| Mounting location                      | Ceiling / Wall    |
| Application environment                | Indoor            |
| With light source                      | Yes               |
| Replaceable light source               | No                |

Lifespan

|                           |                        |
|---------------------------|------------------------|
| Lifespan L70/B50 at 25 °C | 120000 h <sup>1)</sup> |
| Lifespan L80/B10 at 25 °C | 100000 h <sup>1)</sup> |

|                            |          |
|----------------------------|----------|
| Lifespan L80/B50 at 25 °C  | 100000 h |
| Lifespan L90/B10 at 25 °C  | 49000 h  |
| Number of switching cycles | 200000   |

1) t[h]: L70 / B50 @ 25 °C (Ta), t[h]: L80 / B10 @ 25 °C (Ta), t[h]: L90 / B10 @ 25 °C (Ta)

### Control gear

|                             |        |
|-----------------------------|--------|
| Output current              | 825 mA |
| ECG - Output ripple current | < 5 %  |

### Certificates & Standards

|                                                      |                                             |
|------------------------------------------------------|---------------------------------------------|
| Standards                                            | CE / UKCA / EAC / CB / ENEC / TÜV SÜD / EPD |
| Luminaire with limited surface temperature, "D sign" | Yes                                         |
| Ball shot safe                                       | No                                          |
| EPD                                                  | LEDV-00032-V01.01-EN                        |
| Replaceable light source (EPREL)                     | Not replaceable                             |

### Additional product data

|                |              |
|----------------|--------------|
| Added function | MULTI SELECT |
|----------------|--------------|

### Accessories Optional

| Product image                                                                       | Product name         | EAN           |
|-------------------------------------------------------------------------------------|----------------------|---------------|
|  | HB BRACKET 138       | 4058075844643 |
|   | HB ALU REFLECTOR 500 | 4058075844582 |
|   | HB PC REFRACTOR 500  | 4058075844629 |
